We Empower Our Associates

A sense of family, open-mindedness, compassion. These are the qualities we value in our associates. We build upon this foundation with dedicated dementia training and by fostering partnerships between residents and associates and between associates and Artis leadership. Together, we created a nurturing environment specifically tailored to each resident's unique needs.

About Artis

Artis draws on 60 years of experience in the field of senior living care with a specific expertise in the design, development and operation of memory care communities. Most senior managers at Artis have experienced dementia within their own families. We transfer our personal understanding and compassion into creating and fostering a living environment we'd be confident offering our own families.

What Others Say About Evesham Artis

"I like living here because, they challenge us all the time with things like trivia, and, they keep us moving with exercise."
- Mary Gene Jones , Resident

"When they do activities that excite her, I see her. I see my mom. I see her enjoying her life. My mom has a ridiculous sense of humor and since she's been at Artis, I've seen more and more of it. Artis really meets your loved one's caregiving needs right where they are."
- Ellen Lust, Daughter

"We see them not as an Alzheimer's patient but as someone's mom or dad, or husband or wife or sibling. We aren't focusing on what the disease takes away. We're focusing on what the person is still able to do. And there's so much potential and so many possibilities for wonderful moments.
- Mary Underwood, VP Memory Care Services

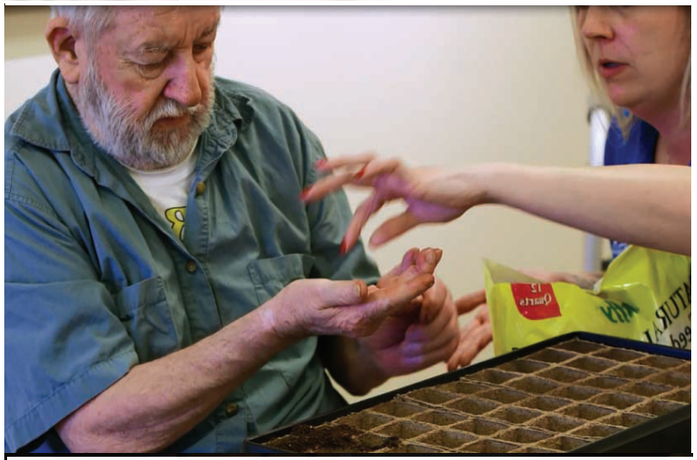
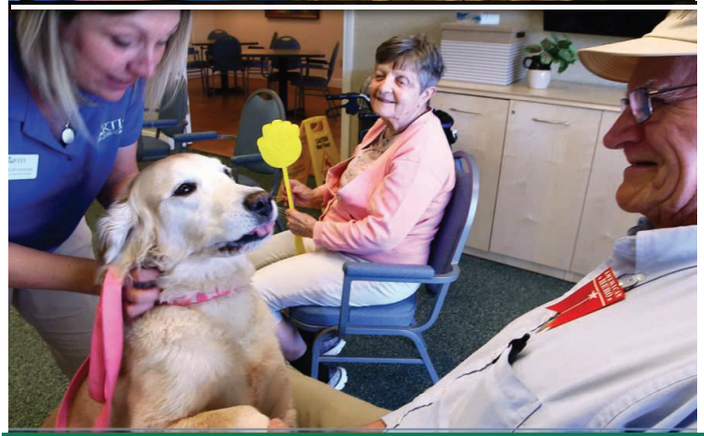
Creating positive partnerships the Artis way

Welcome to Artis—where empowerment, pride and fulfillment define memory care





A Place to Live and Grow

For people living with a cognitive disorder it's not uncommon to sometimes feel alone, afraid and diminished. Life has changed and will continue to change, but there is certainly more purposeful living to do. Our team is passionate about recognizing and cultivating each person's uniqueness and helping them feel respected, engaged, valued and hopeful.

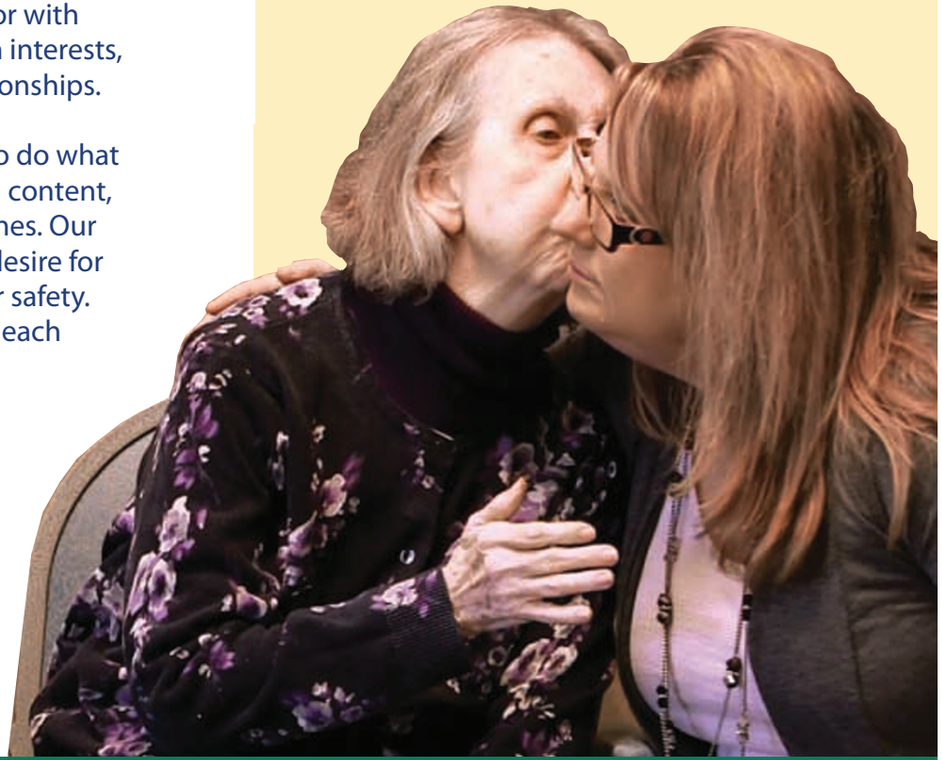
A sense of belonging

Artis' focus is on helping each resident find meaning and joy every day. It is also on helping families feel confident that their loved ones are cared for with dignity—as individuals with interests, opinions, feelings and relationships.

Residents are encouraged to do what helps them feel fulfilled and content, and to have their own routines. Our environment balances the desire for autonomy with the need for safety. Individual living quarters in each of our four neighborhoods offer privacy while spacious shared-living areas are designed to facilitate social and emotional connections.

Fostering a Purpose-Filled Life

The Artis Way is about creating positive partnerships. We work together to provide each resident with opportunities for accomplishment, and growth.



At Artis, individuals are respected. Choices are given. Life is lived in the moment—together
